Rome, January 5, 1996

Dear Mr Coletto,

After the successful conduct of the European Championships 95 in Vienna, it is our pleasure to write you and to express on behalf of LEN our sincere thanks for the efficiency demonstrated by your company in providing the "temporary pool" for Water Polo in Vienna "Ernst Happel Football Stadium".

The MYRTHA POOL was an excellent venue for the Water Polo matches held at the European Championships. It was of the same standard as the temporary pool provided for the FINA World Championships 1994 in Rome. Again the pool was of excellent quality and was constructed fast and effectively. Coaches, officials, players and all of LEN were very much satisfied.

After the positive experience made again with one of the MYRTHA POOLS and the speed with the setting up a temporary pool by your company LEN is confident that in the future many organisers of LEN Events will consider the possibility to increase the level and the quality of infrastructures without any substantial difficulty by using a MYRTHA POOL.

Hoping to see you soon at some International Event, we are sending you our best regards.

Bartolo Consolo
President

Harm Beyer
Hon. Secretary
