2 North Tamiami Trail  
Sarasota, Florida  
34236

Dear Trevor:

WELL DONE !!!!!!! As the Vice President of Competitions for Montreal 2005, the host of the XI FINA World Aquatic Championships, I must sincerely complement you on the superb job performed with the installation of the Myrtha Pools at our competition.

The seven Myrtha pools proved to be outstanding at all of the venues. Many complements were received from athletes, coaches and officials on the quality and feel of the pools. Those of us involved in the project realize the challenges presented to you and the team of skilled installers, but you delivered an outstanding product, on time, and with no complaints. CONGRATULATIONS !

The choice of using Myrtha pools for all seven of the pools needed to host this championship was a good decision. The combination of permanent and temporary pools was ideal and will leave a wonderful legacy to the citizens of Montreal.

Trevor, there are many items involved in staging a world championship, but it was very comforting to know that the swimming pools were going to be installed on time, correctly and be of world-class quality. GREAT JOB !

I will have no difficulty recommending both the Myrtha Pools and its technology to any future host of a major swimming event. Myrtha delivered what it promised, world-class pools, with world-class people.

Kind regards

Harold G. Cliff  
Vice Presidents, Competitions
